INDEX TO VOLUME 47

January to December, 1942

NOTE—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or cuts standing by themselves are indicated by an asterisk (*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e). Many titles of articles are abbreviated, the aim being to give prominence to important words.

Accidents

Boone explosion caused by smoker's match, Jan. ... 75
Colorado mine blast kills 34, Mar. ... 99
Danger signal (e) Sept. ... 37
Gob explosion kills seven, Aug. ... 88
Monthly fatalities.....Jan. 91, Feb. 129, Mar. 99, Apr. 130, May 94, June 114, July 110, Aug. 110, Sept. 103, Oct. 171, Nov. 112, Dec. ... 149
One haulage accident in five occurs in coupling cars, June ... 79
Peerless blast kills five, June ... 115
Roof fall kills two foremen, June ... 90
West Virginina blast kills 20, Aug. ... 90
West Virginia mine explosion takes 56 lives, June ... 114
American Chemical Society—Division of Gas & Fuel Chemistry holds symposium on uses of coal by industries, Oct. ... 156

American Institute of Mining & Metallurgical Engineers

Central Appalachian Section dinner, Apr. ... 115
Central Appalachian Section meeting, May ... 84
Central Appalachian Section meets, Aug. 101
Coal Division and Fuels Division of A.S.M.E. meeting, Nov. ... 96
New York meeting, Mar. ... *86
Pennsylvania Anthracite Section, May.. 71
Pennsylvania-Anthracite Section meeting, Aug. ... 90

American Mining Congress

Cleveland meeting, Mar. ... 76
Report of Cincinnati meeting, June.... 51
American Society for Texting Materials—analyses and heat-value checks debated by society, Aug. ... 92
Issues new edition on coal and coke standards, Nov. ... 118

Anthracite

Anthracite investigating commission authorized by the House, Jan. ... 73
Anthracite survey Commission named, Feb. ... 118
Bootleg holes close down but some legitimize in Pennsylvania, Oct. ... 169
Bootleg mines in Pennsylvania declined in number, Dec. ... 122
Coke in anthracite discussed at A.I.M.E., Nov. ... *100
Federal Anthracite Coal Commission suggests two classes of improvement (e) June ... 50
Pennsylvania service charges must be reported monthly, June ... 112
Price ceiling for anthracite, May ... 38
Production by months.....Jan. 87, Feb. 101, Mar. 79, Apr. 102, May 72, June 92, July 73, Aug. 87, Sept. 85, Oct. 151, Nov. 89, Dec. ... 113
Progress in 1941 (charts) Feb. ... 56
Anthracite Industries—research program, Nov. 110, Dec. ... 58
Officers elected, Dec. ... 143
Anthracite Institute—radio is used to speed sales and aid nation, Apr. ... 116
Awards—Fieldner to receive Melchett medal, July ... *74

B

Battelle Memorial Institute—calcium chloride research initiated, Nov. ... 114
Beard, James T. passes on, Feb. ... *126
Better Home Heating program hits its stride, Oct. ... 63
Big Sandy-Elkhorn Coal Mining Institute—election of officers, Apr. ... 112
Pikeville, Ky. meeting, Apr. ... *112
Big Sandy-Elkhorn Coal Operators' Association—Ashland, Ky. meeting, July. *103
Bituminous Casualty Corporation 25 years old, Mar. ... 82

Bituminous coal

Combustion and research questions analyzed at West Virginia Fuel Conference, Sept. ... *87
Consumption by months.....Jan. 87, Feb. 101, Mar. 79, Apr. 102, May 72, June 92, July 73, Aug. 87, Sept. 85, Oct. 151, Nov. 89, Dec. ... 113
Heat treating with soft coal, Dec. ... 113
Maximum coal prices set by Henderson Office (e) June ... 49
Mine-capacity study, May ... 38
Mine realization and cost figures for bituminous coal (table) Mar. ... 74
New high in coal output foreseen for 1943, Dec. ... 58
Price increases recommended by Examiner, Sept. ... 41
Price revision ordered, Oct. ... 63
Price revisions affirmed by Interior Secretary Ickes, Nov. ... 48
Production by months....Jan. 87, Feb. 101, Mar. 79, Apr. 102, May 72, June 92, July 73, Aug. 87, Sept. 85, Oct. 151, Nov. 89, Dec. ... 113

Stocks by months.....Jan. 87, Feb. 101, Mar. 79, Apr. 102, May 72, June 92, July 73, Aug. 87, Sept. 85, Oct. 151, Nov. 89, Dec. ... 113

Bituminous Coal Division

Mine realization and cost figures for bituminous coal (table) Mar. ... 74
Orders production reports to speed code levy, May ... 94
Price increases recommended by Examiner, Sept. ... 41
Price revision ordered, Oct. ... 63
Probe of river coal prices may be asked, Jan. ... 96
Review of minimum prices petitioned for by Associated Industries of New York, Dec. ... 134
To cooperate with OPA to prevent inflated prices, Apr. ... 127

Bituminous Coal Research, Inc.

Board expanded, Mar. ... 97
Election of officers, July ... *75
Hazard and Harlan men join program, Dec. ... 58
Report of meeting at Battelle Memorial Institute, July ... *43
Bituminous Mining Maintenance Association—election of officers, Mar. ... *96

Blasting

Drilling and charging drillholes before the coal is cut, Apr. ... 91
Explosives granted preference rating, May ... 37
Explosives instructions issued; security work under way, Sept. ... 98
Explosives licensing under way with Nighman in charge, Mar. ... *95
Explosives to be controlled by revised 1917 act, Jan. ... 85
On shift shooting asked for by Illinois Mining Institute, Dec. ... 128
Preference Order amended to include explosives, June ... 61
Prevent injury to children from blasting caps, May ... 81

Bureau of Mines

400 mines inspected by federal force, Aug. ... 47
Mineral Production Security Division is formed, Aug. ... 98
Permissible plates issued.....Jan. 84, Feb. 116, Apr. 104, May 74, June 97, Aug. 103, Sept. 99, Oct. 165, Nov. 118, Dec. 114
Producing liquid fuel from coal to be studied, Aug. ... 48
Reorganization of the Bureau, July.... 110
Safety decisions, Jan. ... 58
Safety instructors sought, Mar. ... 76
Set of coal mine inspection analyzed by Illinois Mining Institute, Dec. ... 128

C

Canada

Canada eases ruling on coal imports, June ... 112
Illinois coal shipped to Canada, Sept.. 19
Ontario lignite deposits to be developed, Sept. ... 104

Coal

Analyses and heat-value checks debated by American Society for Testing Materials, Aug. ... 92
Coal in the war effort, Jan. (e) ... 39
Coal industry planning for war (chart) Feb. ... 47
Coal a war industry (e) May ... 36
Coal meeting normal requirements and extra demands (e) Sept. ... 37
Coking qualities (e) May ... 35
Combustion and research questions analyzed at West Virginia Fuel Conference, Sept. ... *87
Conifers, tall palms and ferns graced early coal forests, Apr. ... 126
Conversion and stocking pressed to meet fuel-oil shortage, July ... 37
Convert to coal (e) Dec. ... 56
Fuel rationing—coal to the rescue (e) Mar. ... 34
Germany and Great Britain faced with strict coal restriction, Nov. ... 90
High b.t.u. gas from coal sought at Purdue, Dec. ... 113
History of American coal published, Feb. ... 106
Hydrogenation (Rocky Mountain Coal Mining Institute meeting) July ... 81
Impurity and resistance to comminution are two of coal's faults (e) May 36
OPA urges no price rise, Feb. ... 123
Oil-burner conversion chart, Aug. ... 45
Operators and manufacturers must list their year's materials requirements. W. A. Nelson, Apr. ... *62
Oxidation and oiling of coal discussed by chemists, May ... 74
Pooling of steam tonnage considered in Illinois, Aug. ... 88
Preparations for coal's war-time obligations, Feb. ... 45
Small coal clinkers (e) Sept. ... 38
Smokeless combustion of coal explained at Illinois Mining Institute, Dec. ... 128
Stock coal now, Nelson warns, to avert rationing later (e) June ... 48
Tractor-grader stocking and reclaiming cut coal storing cost at Cannelton, Mar. ... *61
Trend in output of coal 1929-1941 (charts) Feb. ... 44
Utah to produce smokeless fuel from coals, Feb. ... 118
War-output planning, Feb. ... 63
War plans cause Ickes to urge fuel stocking, Feb. ... 104
What coal-mine presidents see as the big problems in future operation, Feb. *50
Zoning of coal condemned by Solid Fuels Advisory War Council, Dec.. 59

Coal exposition in Huntington, W. Va., May ... *82

Coal Mining Institute of America

Election of officers, Jan. ... 76
Report of Pittsburgh meeting, Jan. ... 76
Colorado Coal Mining Officials' Institute Meeting, Oct. ... 167

Conveyors

Buna S conveyor belt, Oct. ... *138
Conveyor success rests on managerial efficiency. Thomas Quinn, Jan. ... 57
Conveyors save man power (American Mining Congress) June ... 55
Dimmer switch utilized in pull-cord control, Jan. ... *68
Elkhorn district uses conveyors and loaders. L. E. Kelley, Jan. ... *44
Exeter colliery mines flat beds by conveyors. R. D. Hall, Apr. ... *71
Hart mine raises efficiency by substitution of belt conveyors for track haulage, July ... *45
Loader and conveyor sales hit new high. W. H. Young & others, Feb. ... 66
Maintenance, Oct. ... *89
Shaker conveyors and loaders mine thick-coal pillars at Kenilworth. I. A. Given, Aug. ... *51

D

Drainage

Auxiliary pump assures certain and efficient operation. H. F. Brecker, Dec. *63
Flood in Pennsylvania anthracite mines, suggests need of better stream control. R. D. Hall, Nov. *66
Pumping can be kept efficient with the right pipe size, Feb. 94
Drills and drilling — maintenance, Oct. *85, 127*

E

Electricity

Armature progress reflected in long-term detailed records (tables) Dec. *67
Branch-circuit switching done with breaker and cutouts, Aug. *76
Brush choice for good commutation, Oct. 140
Cables suspended between power plant and tipple steadied by spring tension, Nov. *77
Carrying capacity and glaze in brush applications, Sept. 83
Changing batteries facilitated by special charging racks, Sept. *69
Connecting signaling ground detector, Feb. *96
Control and breaker maintenance, Oct. *108
D.C. substation maintenance, Oct. *81
Definitions of electrical terms issued, July 106
Dimmer switch utilized in pull-cord control, Jan. *68
Electric eye controls rotary dump, July *67
Electrical conductors, Oct. *78
Electrical power output....Jan. 87, Feb. 101, Mar. 79, Apr. 102, May 72, June 92, July 73, Aug. 87, Sept. 85, Oct. 151, Nov. 89, Dec. 113
Electronic units automatically level shovels. Gildersleeve & Stoetzel, Nov. *56
Extension-cord safety, Jan. 68
Factors underlying performance of carbon brushes, Aug. 84
Fluorescent lamp mounting uses model T parts, Nov. *80
Hoist reconditioned for new Harmony mine, Feb. *96
How electric cables can be used underground and yet conserve both rubber and safety. G. F. Newman, July 62
How electrical power can better serve the war program, Feb. *74
How, while still using standard equipment, to lift 220-volt secondaries to 254. F. W. Rickart, Jan. *61
Insulated stool for protection of operative, Apr. *98
Lightning damage prevented by using proper apparatus. J. A. Civilett, Nov. *61
Lightning protection for rotating machines (Rocky Mt. Institute meeting) July 88
Magnet, largest commercial, Jan. *75
Maintenance of electrical equipment, Oct. *120
Monitor control Poinsettia mine, June *83
Motor maintenance, Oct. *105
Only current loss that need be considered is that between generating unit and equipment, Mar. 63
Portable substation with transformers using new coolant, Jan. *70
Power factor improved in Illinois mines by modern equipment. F. W. Richart, Mar. *47
Preformed d.c. power for picking up heavy across-the-line loads. J. M. Rairigh, Jan. *41
Provisions for assuring increased safety with electric power. F. W. Richart, July 52
Relay, air-operated, and horn make ventilation alarm, Nov. *77
Retarding conveyor control generates a.c. and d.c., Esco, Ky., Sept. *72
Rotary equipment further safeguarded from lightning by capacitors. F. W. Richart, May *51
Signal pushbutton designed for hard usage, Aug. *73
Storage battery headlights for locomotives, Tierney mine, June *83
Storage battery maintenance, Oct. *96
Streamlining switchgear transaction speeds ordering and installation, Dec. 102
Substation at Poinsettia mine, June *84
Suspending five feeders in 1,000-ft. borehole near Portage, Pa. E. P. Jaggard, July *60
Switch on brush lever interlocks starting, June *86
Temporary hanger protect portable cables, Nov. *78
Three-in-one utility stations serve stripper, Feb. *96
Underground conduit entrances for lines to choke back lightning, Apr. *97
Water kept out of motors by vacuum cleaners, Feb. 96

Engineers

Fellowships offered at Rolla, Mo., Mar. 100
Pennsylvania State College emphasized warfare aspects in mining course, Mar. 100
Research fellowships offered, Apr. 124

Equipment

Equipment having rating of schedule "A," Apr. 109
WPB adopts new control measures for equipment and materials, July 39
War Production Board controls vital materials in safety equipment, June 60

Examinations

Anthracite foremen and assistants examination ..Jan. *63, Apr. 93, June 81, July *65
Anthracite foremen and assistants' questions, May 60
Applicants for certificates of competency as mine boss, Indiana, examination, Mar. 64
Coal-mine officials' examination, State of Colorado ..Mar. 64, Apr. 94, Aug. 70, Sept. 67
First and second class foremen examination, State of Ohio..Jan. 62, Mar. *65, Apr. 93, May 62
First class foremen certificates, Kentucky, Sept. 66
First class foreman examination, Ohio, July *64
First class mine foremen certificates, Kentucky, Nov. 75
First class mine foremen in Virginia, June 80
First class mine foremen questions, Kentucky, May 63
First class mine foremen quiz, Virginia, Nov. 75
Foreman examination, Alabama, July *64
Foremen quiz in Kentucky, Dec. 99
Inspector quiz in Alabama, Dec. *97
Mine boss certificate examination, Indiana, Jan. 62
Mine foremen and firebosses questions, Virginia, May 60
Mine foremen quiz, State of Alabama, Nov. 74
Mine foremen's examination in State of Alabama, Aug. 70
Second grade foremen's quiz, bituminous region, Pa., 1942, Sept. 66
Second grade mine foremen's quiz, bituminous Region, Pennsylvania, 1942, Nov. 74
West Virginia examining board named for certification of miners, Apr. 122

F

Face Preparation

Dust suppression by installing sprays on shortwall machines. D. H. Davis, July 58
Hart mine raises efficiency by substitution of belt conveyors for track haulage, July *45

Fires

Dry ice utilized to complete fire extinguishment, Alden Coal Co., Sept. 51
Fire fighting in Continental mine, Nov. *72
Fires fought with solids, liquids and gases, Mar. 63
Recirculation of carbon monoxide imperils workers at mine fire. Walter Hornsby, May *48
Flag rules, July 104
Flood in Pennsylvania mines, suggests need of better stream control. R. D. Hall, Nov. *66

Foremen

Anthracite foremen and assistants' examination, Jan. *63
Anthracite foremen and assistants' examination questions, May 60
Drilling and charging drillholes before the coal is cut, Apr. 91
Examination for anthracite foremen and assistants ....Apr. 93, June 81, July *65
Examination for first class mine foremen in Virginia, June 80
Examination for mine foremen, Alabama, July *64
Examination for mine foremen in State of Alabama, Aug. 70
Examination questions for mine foremen and fire-bosses, Virginia, May 60
First and second class foremen examination, State of Ohio....Jan. 62, Mar. *65, Apr. 93, May 62
First class foremen certificates quiz, Kentucky, Sept. 66
First class foremen examination, Ohio, July *64
First class mine foremen certificate quiz, Kentucky, Nov. 75
First class mine foremen examination questions, Kentucky, May 63
First class mine foremen quiz., Virginia, Nov. 75
Management policies make or break supervision at the coal face. O. G. Van Campen, Mar. 49
Mine foremen quiz., State of Alabama, Nov. 74
Second grade mine foremen's quiz, bituminous region, Pa. 1942, Sept. 66; Nov. 74
Training of Utah foremen begun under Manpower Commission, Sept. 104
Forestation — spoil reclamation includes setting 7,000,000 trees in Illinois, Aug. *66

Freight Rates

Anthracite freight rates recommended cut, Dec. 116
Equalization charges required on coke cargoes to Canada, Apr. 127
Hearing on rate boost concluded, Feb. 101
Higher rates and freight tax included in new tax law, Nov. 46
Increased surcharges allowed on coastal coal transit, May 72

East's fuel oil deliveries halved, WPB points switch to coal (e) June 47
Fuel-oil rationing set up for thirty states; coal and oil movement upped still more, Oct. 61
Fuel technology (e) Mar. 34
Hatchet buried on fued between oil and coal (e) June 47
How to switch oil furnaces to coal and use anthracite in coke discussed at St. Louis, Nov. 96
Oil-burner conversion chart, Aug. 45
Oil heating restrictions released by WPB, Apr. 125
Oil pipeline permit denied, Apr. 130
Oil rationing under way; conversion and coal use pushed, Nov. 48
Oil situation continues critical; coal and oil movement boosted, Sept. 42
Oil situation grows more critical, Aug. 45
Oil's declining reserves (e) Dec. 55
Texas-Illinois pipeline to be extended to East, Nov. 118
Fuel Engineering Conference held in West Virginia, Sept. *87

G

Gas

High b.t.u. gas from coal sought at Purdue, Dec. 113

Great Britain

Battle to avert coal shortage, Sept. 85
Coal crisis this winter; control to be continued, Oct. 64
Coal labor troubles. J. E. Norton, pt. 1, May *45; pt. 2, June *73
Draft cuts British output, May 38
Drying timber for mine use underground, June 79
Government takes over control of coal industry, Aug. 46

H

Hale, Sydney A., editor, dies after long illness, Sept. *39
Holmes Safety Association
Report of Ebensburg meeting, Dec. *114

I

Illinois Mining Institute

Election of officers, Dec. 131
Golden jubilee celebrated, Mar. 102
Springfield meeting, Dec. *128
Summer meeting and boat trip, July *94

Illinois Society of Preparation, Engineers & Chemists

Benton meeting ..... May *83
Heat drying discussed, Mar. 97
December meeting, Feb. 106
Report of meeting, Dec. 135

Indiana Coal Mining Institute

Election of officers, Jan. 80
Report of Evansville, Ind. meeting, June *87
Report of Terre Haute meeting, Jan. 80
